Please ensure you read all four sections of our Bunkhouse Access Statement.

## Transport, Location and General Village Information:

- The village is hilly and access from the bunkhouse to the reception is along a minor road that has no pavements or street lighting. Access onto the children's play area is over a lawn.

- Assistance can be offered during office hours only, and by calling at reception first.

- Mobile Phone connection is only available via Vodafone and EE as masts are just above the village.
